

COMPLIANCE WEEKLY UPDATE

NCAA Academic Eligibility Earning 1: Per Term

General Rule: Per NCAA academic benchmarks, a student-athlete who enrolls in any given term must earn a minimum of 1 credit from that term in order to be eligible to compete in the subsequent term. Only in the sport of football must a student-athlete earn a minimum of 2 credits after the fall quarter, but then earn a min. of 1 in the others.

Exception: If the reason that individual did not earn 1 credit (2 in football after the fall) was a result of circumstances outside of their control (e.g., injury or illness), this rule may be waived, *subject to approval*, provided the student-athlete submits documentation corroborating such circumstances to the Compliance Office.
